Modular Led flood light series provides a solution for recreational sports and area lighting, Provides a variety of different angles of light distribution design to meet the lighting needs of different occasions. High power design, simplified lighting design for large venues, Protection level up to IK08 and IP66. Constant Current Power Driver, L80B20 can reach more than 100,000 hours.

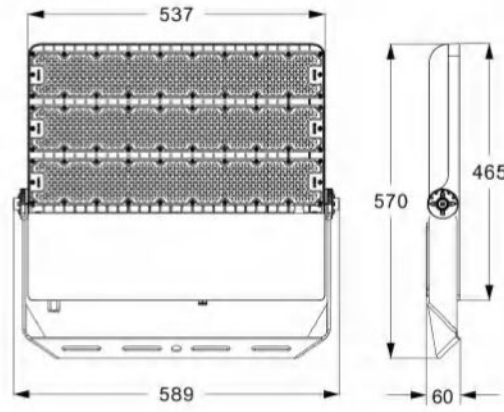

Rated voltage
100-277V

Frecuency
50-60Hz

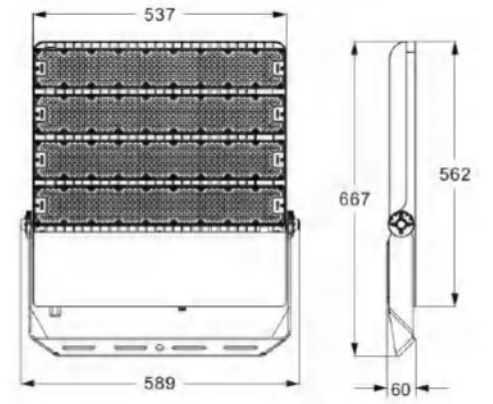

+50°C
-40°C

Parameter

Power (W)	Luminous flux 180lm/w
500W	90000
750W	135000
1000W	180000

AC Input :	100-277V 50/60Hz
Brand of LED Driver :	SOSEN/MEAN WELL
Light Source :	LUMILEDS 3030
CRI Range :	Ra>80
CCT Range :	NW(4000K) CW(5700K)
Light Efficiency :	180+5% Lm/W
Beam Angle :	15°/30°/ 60°/90°/ P50
Housing :	Aluminum Alloy
Surge Protection :	10kV
Waterproof :	IP66 & IK08
L80B20@25°C:	>100000H
PF:	≥0.95
THD:	<15%
Power Efficiency:	≥0.9
Certifications:	CE, CB
Warranty :	5 Years
Light body color:	White Aluminum(RAL 9006)

Dimmable

* Above lumens based on 4000K Ra:80
